New and Improved!

The Wave 3D doesn't just mask odors - it destroys them!

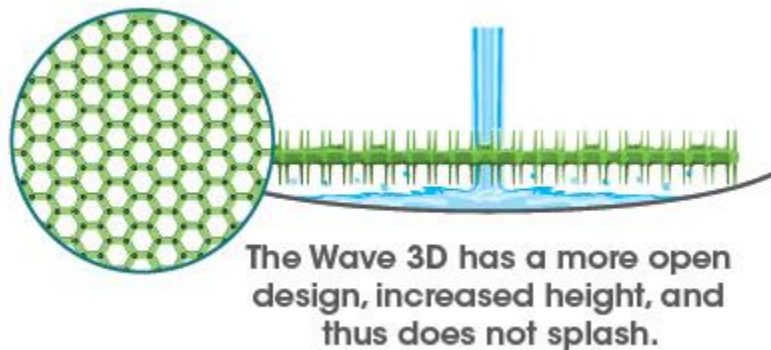

The Wave 3D Urinal Screen and Deodorizer contains more than TWO TIMES the fragrance of competing urinal screens, PLUS billions of bacteria that consume odor-causing waste. It also offers some great new features that further enhance restroom cleanliness and freshness.

The Wave 3D provides the best urine splash reduction design. Its unique post and lattice design breaks up the urine stream on the way through the screen. This design reduces splashing on urinal walls, floors, and even pant legs! This makes urinal maintenance easier on cleaning staff and urinal usage more pleasant for visitors. It also helps to reduce cleaning time for professionals.

The Wave 3D installs correctly every time. This handy urinal screen features long protrusions on both sides, so it works the way its supposed to no matter which side is facing up. This helps to eliminate installation error and ensure optimal performance.

Some other urinal screens last only 10-15 days, so you've got to change them out every two weeks to keep your restroom smelling fresh. Each Wave 3D urinal screen provides a full 30 days of fragrance, ensuring that your restrooms stay fresh-smelling longer.

The Wave 3D features a handy indicator system that makes it easy to remember when to change out the screen. Simply snap off the month and day markers for the replacement date on the urinal screen and all guesswork will be eliminated. For example, if you're installing the Wave 3D on June 1st, you'll snap off the tabs for July 1st.

Available fragrances:

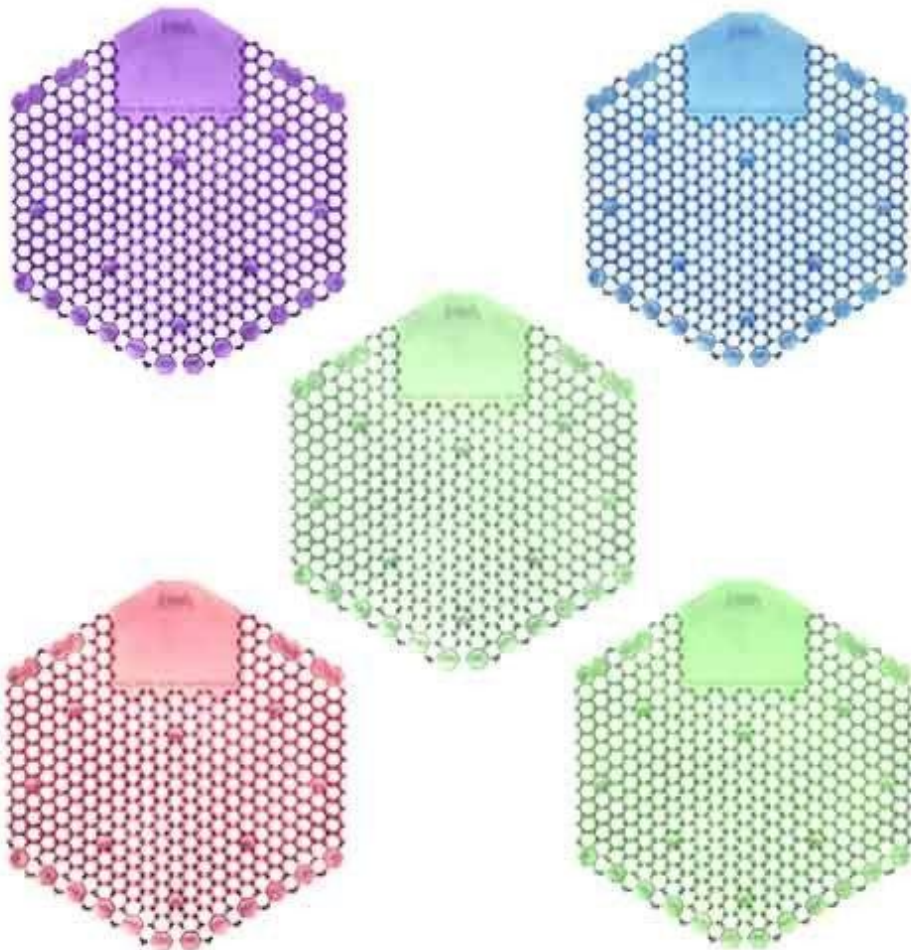

Cucumber Melon

Cotton Blossom

Kiwi Grapefruit

Fabulous

When not in use, store your extra Wave 3D Urinal Screens in the handy screen saver bag. It keeps your spare screens fresh while in storage.

FRESH PRODUCTS ECO BOWL CLIP 2.0

Discreet and secure, the Eco Clip air freshener works great in ladies restrooms to eliminate odors at the source.

Ladies care, and they appreciate you... keeping it fresh.

Fragrances: Cotton Blossom, Cucumber Melon, Mango, Spiced Apple, Citrus, Fabulous, Guava Pineapple, Herbal Mint, Honeysuckle, Kiwi Grapefruit, Ocean Mi

FRESH PRODUCTS ECO AIR 2.0 AIR FRESHENER

The Eco Air is a passive air freshening system that delivers a powerful, consistent freshness for 30 days.

It is capable of freshening your largest spaces without any batteries or fans.

Meets the "Sustainable Products" criteria under the LEED point management system.

It has its own dispenser, and it fits in TC, TimeMist, Ecolab, Hospeco, Kimberly Clark, Vectair and fan dispensers.
